## VICIM OF PARALYSIS.

Mrs. J. T. Carson, a Lady Born and Reared in Columbia, Dies in Louisville.

### THE END CAME SUNDAY MORNING.

A telephone call received last Wednesday night notified Mrs. Kinney Muller and Mrs. Margaret Tucker that their sister, Mrs. Carson, had died of paralysis at the home of her son, Mr. Melvin Carson, in Louisville, and but little hope was given by the attending physician. Her daughter, Mrs. J. F. Baugh, Jamestown, was notified, and she hastened to the bedside of her mother. News from the sick room continued to come, but with little encouragement. Friday afternoon she met with the second stroke, and her son-in-law, Dr. J. F. Baugh, was called, the messenger of death reaching the home at 1 o'clock Sunday morning.

Mollie Carson Atkins was born and reared in Columbia and was about sixty-two years old when the end came. In her youth she had made a profession of her faith in Christ, united with the Methodist Church and was a devoted Christian until the final dissolution.

About thirty-seven years ago she was married to Mr. J. T. Carson, of Campbellsville, and during her married life she and her husband and their two children lived in several different communities—Columbia, Campbellsville, Greensburg, Pineville, Middleboro, Alexandria, Ind., and Louisville. In all these places the deceased was surrounded by friends who loved her for her womanly character and her many Christian virtues.

The funeral services, were held Monday afternoon, conducted by Rev. A. R. Kasey, formerly the pastor of the Church here, a large circle of relatives and friends being present. The interment was in Cave Hill.

The News extends its sympathy to the husband, the children and all other surviving relatives.

### Card of Thanks.

I wish to thank my many friends and relatives for their kindness shown me through the late illness and death of my dear husband, Robert S. Smith, also for the many consoling letters received from them since his death.

His loving wife,  
Lone Smith.

There is no doubt but Basil Ashenbrenner, who killed Tom French at Burkesville, one year ago, has been paroled. An Adair county gentleman who was in Burkesville last week, says that he was told that he is in Cumberland county. It is further stated that he was paroled without notice.

Albert Miller sold his residence on Bonar Heights last Saturday to Mrs. Hester Williams, who formerly lived at Montpelier, for \$1,500. Possession will be given in about ten days. Mr. Miller is undecided as to where he will locate.

Mr. Iva Woldorf, a former citizen of Russell county, died in Anna, Texas, on the 6th of March. He was a soldier in the 12th Kentucky Infantry, and was commissioned to Captaincy the last year of war. He is survived by a number of relatives in Adair and Russell counties.

Mr. W. L. Mooneyham writes us from Whitehirst, Texas, as follows: "The coldest winter for many years; two deep snows. We have had fine weather for the past month. Corn planting is about over. Corn planted early is up. Wheat and oats look fine. Enclosed you will find two dollars for myself and one dollar for S. T. Akin a new subscriber."

### Notice to Stockmen.

Don't fail to see V. M. Epperson's Red Bird saddle and harness stallion on the square in Columbia next Monday, County Court day. He is one of the best breed stallions in Southern Ky.

Miss J. W. Walker was the hostess at a delightful dinner, given on Friday at her country home. Covers were laid for the following:

Meadeans A. D. Patterson, B. M. Clegg, S. F. White, N. W. Miller, J. Garnett, T. A. Murrell, Jo Russell, W. A. Coffey, Jo Coffey, Misses Triplett and Holladay.

The ladies of the Baptist Church who had a number of Easter articles on sale at W. H. Wilson's store last Saturday, sold out, realizing quite a little sum of money.

### Revival at Methodist Church.

Next Sunday morning at 11 o'clock a revival meeting will begin at the Methodist Church here in Columbia. Services will be held day and night for two or more weeks. Our desire is that the Christian people may be drawn closer to God and duty, and that the unsaved of our community may accept Christ to be saved.

To accomplish this we earnestly request the co-operation of all Christian people. Come, laying aside all unchristian prejudice, and join us in song, prayer and work. Be perfectly at home with us and wait not for further invitation. Those who are urged to attend these services.

B. M. Currie, Pastor.

### Death of an Old Lady.

Mrs. Mary Flowers, the grandmother of Mr. Geo. T. Flowers, Jr., this place, died at Gradyville last Thursday. She was eighty-odd years old and a highly respected old lady. She was a sister of the late Drs. James and Ed Neil. A more extended notice of her death can be found in our Gradyville letter.

### Preaching Next Sunday.

W. H. C. Sandidge, Greensburg; F. J. Barber, Shiloh; T. L. Williams, Pleasant Hill; J. S. Mullins, Union; J. A. Johnson, Beech's Chapel; H. J. Rod, Mollown; F. J. Turner, West Fork; W. J. Levi, Greasy Creek; B. M. Currie, Columbia; T. E. Innis, Beech Grove; W. B. Cave, Bethlehem.

A person only had to observe the large number of people who visited Russell & Co.'s store last Wednesday and Thursday to conclude that The Adair County News is an advertising medium. It is a paper with a circulation of 2,800, one that reaches all the representative people in which it will appear. Russell & Co. did not send out a circular, but used their advertising space to insert their advertisements. Russell & Co. did not let the trade know what he is offering. The News will do the talking, if you desire to use space in it.

Mr. N. W. Miller and wife will remove to Campbellsville this week where they will permanently reside. Mr. Miller is the first Murrell & Miller insurance agent and as Taylor and Greenfield believe in the safety of the territory, it will be more convenient for Mr. Miller to make his home in Campbellsville. We commend Mr. and Mrs. Miller to the residents of Campbellsville and Taylor county as most excellent people.

Appropriate Easter services were held at the Presbyterian and Christian Churches last Sunday forenoon. The special songs were rendered most appropriate and the facts which took part did themselves proud. At the Presbyterian church, Mr. Coffey made a fifteen minutes talk on missions and a voluntary subscription was taken amounting to one hundred and fifty dollars.

I want to give you prices on fertilizers—10 per cent potash.

C. E. Young.

Rev. L. M. Grimley desires to inform his friends at Hovious, that he was recently bereft of his dear mother, who died at Lawrenceburg, Tenn., where she was visiting a daughter. He further states that himself and family are for the time being located at McGaugh, and that they are presently situated and that the prospect for a spring school is good. He was very much attached to the people of Hovious and he regretted to leave them.

### Monuments, Etc.

Mr. Geo. A. Smith, of this place, has accepted the agency for the F. C. McAlpin Granite Co., Huntington, W. Va., an old and reliable establishment that turns out first-class work for less money than any other reliable firm. Mr. Smith has a book showing all the different designs, and persons who want to remember their dead will have no trouble in making a selection. Mr. Smith is one of Adair County's most reliable men and parties need not be afraid that he will overcharge or misrepresent his work. He is now going over the county and if you have not placed your order—wait for him.

21-22 County Court next Monday. Fiscal Court will open Tuesday.

### PIONEER PASSES AWAY.

Judge William F. Owlsley Dies at the Age of Ninety-Seven Years.

### HE WAS BURIED AT BURKEVILLE.

The Louisville Times of March 23 gives the following account of the death of an old gentleman, who was well-known to many people of Columbia and Adair county:

"The body of Judge William Francis Owlsley, one of the pioneer residents of this State, and one of the oldest men in this city, who died suddenly yesterday afternoon at 4:30 o'clock at the residence of his son-in-law, Dr. H. G. Grant, 1146 Third Avenue, will be taken to Burkesville, Cumberland county, to-morrow morning. The burial will take place in the family burying ground at that place Friday morning.

"Judge Owlsley was past ninety-seven years of age, but despite his extreme age he was apparently in good health until a few days ago. For several years past, however, he had left his home little, and yesterday afternoon he was struck with apoplexy. He died a few minutes later, while seated in a chair.

"Judge Owlsley was well-known throughout the State, where he spent his entire life. He spent the greater part of his life in Cumberland county where he was born; but for the past ten years he had made his home with his daughter and son-in-law in this city. Before coming to this city he played a prominent part in the affairs of Cumberland county, serving as County Judge for several terms, and he was looked up to as a man of wealth, integrity and character.

"The family connections of Judge Owlsley were all prominent. His brother, Michael Owlsley once made the race for Governor of Kentucky, and he was a nephew of W. O. Owlsley, who was elected Governor at one time.

"He was twice married, and his first wife, who was before marriage Miss Ellen King, died fifty years ago. His second wife was Miss Mary Agnes Bledsoe, and her death occurred thirty years ago.

"Besides his daughter, Mrs. Grant, Judge Owlsley is survived by a son, William F. Owlsley, of Cumberland county, and several grandchildren."

John Robert Carter was before Judge Moss last Friday, charged with stealing chickens. He was held to wait the action of the grand jury, and in default of a \$300 bail bond, was remanded. Three other men were arrested charged with being implicated with Carter, but they turned State's evidence and were released.

In buying fertilizer you should get the best. The Groves is the most popular brand used. Call and see me.

C. E. Young.

Mr. W. H. Flowers, whose home is near Blis, commenced, last Thursday morning, the erection of a large two-story residence. It will be built on a modern plan and will contain twelve rooms. Flowers & Hurt, contractors of this place, have signed to do the work.

Mr. W. C. Grider has sold his residence at Bonar Heights to Mr. L. B. Hause for \$1,100. Possession will be given in about two weeks. Mr. Grider and family, excellent people, will return to Russell county where they own a good farm.

W. C. Grider and J. T. Goodman, of the firm of Grider, Morrison & Good man, have leased their interests in the saw and planing mill to Mr. Allen Walker and Hugh Richardson who will continue the business with Mr. Morrison.

Mr. Geo. T. Flowers, Jr., who sold his residence a few days ago, has no intention of removing from Columbia. He expects to buy another piece of property and continue to live in the center of gravity.

We learn from Capt. John A. Webb, who was here from Webb's X Road, that he is in good health. He is a reliable man and parties need not be afraid that he will overcharge or misrepresent his work. He is now going over the county and if you have not placed your order—wait for him.

21-22 County Court next Monday. Fiscal Court will open Tuesday.

Mr. Geo. T. Flowers, Jr., has sold his residence, near the home of Mr. Braxton Massie, to Mr. L. W. Bennett for \$1,500. Possession will be given in about sixty days.

### Young in Action—Old in Years.

Mr. N. B. Dobney is the oldest man in the Milligan section of the county. He will be ninety years old his next birthday, but he is a able and hearty Seven or eight years ago the bones of his knees gave down, and it was thought that he had met with a light stroke of paralysis, but the trouble has all disappeared. He is now at work on his farm, and is frequently seen riding over the neighborhood. He is quite active and when he mounts his horse he places his foot in the stirrup and gracefully lifts himself into the saddle. He has done more real hard work in his time than any other man in Adair county. He runs teams for many years and has done a great deal of log scaling. He is a good horseback rider today that many men forty years his junior. At eighty-three years old he was seen in the Fair riding out to get a premium offered for the best rider. He inherited a good estate, but misfortune swept it from him. He is the only living member of Chapman Dobney's family of children by his first wife.

Russell & Co., a leading mercantile firm of this place, came to a wise conclusion when it decided to have a formal opening, giving the people an opportunity to visit their immense establishment, go through the various departments, forming ideas of the character of goods they have in stock.

Last Wednesday and Thursday were the days set apart for the magnificent show and during the entire time the main store room was swarmed with people, who spoke in the most complimentary terms of the many artistic displays that the excellent quality of goods on exhibition.

The store was handsomely decorated with hunting, evergreens, flowers, etc., and while the throngs marched through the building, stopping in each department, they were greeted with sweet strains of music drawn from a piano which was located near the stairway leading to the balcony where Hurt & Co. displayed a most attractive line of millinery.

On entering the store and to the right visitors beheld, as an ornament, a lemon bush with two lemons on it, either one of which would weigh one half pound, and handwoven oil paintings were hanging throughout the building. The shop windows were artistically dressed, people standing in front of them from early morning until late in the afternoon.

A formal opening is now to the people of this place, but it was a decided success.

While the many articles presented to view were beautiful to behold, the hundreds of Adair county ladies, elegantly and neatly dressed, their attractive features and pleasing countenances, added their grace in a most charming manner to the big show.

It was a great advertisement and its good results will be perceptible for many years.

The building has been disturbed but little since the opening, and if there are those who have not yet called, they are cordially invited, and particular pains will be taken to show them through.

## Politics.

Statesmanship is a science, but politics is an art. A statesman need only understand Government, but a politician must understand the voter.

Politics makes strange bedfellows and causes loss of sleep.

A statesman is guided by the lessons of the past, a politician is guided by the chances of the future.

A statesman wears a silk hat and frock coat when he sits for his picture—a politician will sleep in his if necessary.

Politics is nine-tenths promises, eight-tenths talk, seven-tenths hot air and four-tenths bluff.

The politician arranges the public dinner; the statesman is only expected to speak at it.

Politics offers a fine opening for a young man. If he fails through the opening he makes room for the next man.

The statesman is concerned for his country for a month before election, but the politician has cinched the election during the other 11 months.

When a politician begins to believe what he says about himself he becomes a statesman.

## Wolves Devour Man.

A special from Springfield, Mo., says: "M. M. Logan, a traveling salesman, returned tonight from a trip through Shannon county and brought the details of the devouring, by a pack of timber wolves, of a woodchopper, James Smith, near Ally, in Shannon county, a few days ago.

"Smith and his brother were employed in clearing a small tract and the former severed his right foot with an ax while trimming a fallen tree. The brother placed a Winchester rifle in his hands and hurried to their home five miles distant, to get a horse to convey his kin-man to the nearest doctor. In his absence his relative was attacked by a pack of ravenous timber wolves and was devoured alive. When the brother returned the empty magazine of the rifle and the carcasses of five wolves told the story of how the wounded man had fought for his life."

## A Diabolical Deed.

Yesterday evening Mr. Hal Johnson, the Claim Agent of the L. & N. and a detective of the road brought here from Upton a man who gave his name as Frank Brimer and landed him in jail. The man, who is evidently a tramp, confessed to an attempt to wreck on last Sunday afternoon the fast passenger train No. 7. Two miles this side of Upton on a big curve, he piled up two gate posts on the track and put heavy rocks on them. The train running at fifty miles an hour struck them before it could stop, but fortunately was able to throw them from the track. The train was stopped and a most serious disaster narrowly averted.

It seems that the man Brimer appeared in the Upton section last week and was given a job by Mr. John Knight on his farm. He worked on Saturday and Sunday while the Knight family was away went to the railroad and attempted the destruction of the passenger train. When apprehended by the officers of the railroad he first claimed to know

nothing about it, but finally made full confession and when asked why he did it, he said "he wanted to have some excitement." As the grand jury comes back next week he will probably be sent to the penitentiary at this term of the Court.—E. Town News.

## The Happy Farmer.

A certain class of newspaper men assert that the farmer is the most independent man on earth, and that he has nothing to do but to enjoy life. That when Winter comes and the blizzard's on the wing he toasts his feet in the oven and reads his county paper, and the only thing that disturbs him is a call three times a day to a banquet of mince pies and other luxuries. It is a mistake. The industrious farmer begins work long before the sun thinks of getting up.

With his soul shrouded in gloom he proceeds to build a fire and softens his boots with a sledge hammer. He then takes his lantern and shoves his way to the barn and feeds the hogs. It is then time to feed the newly arrived calf, which seems to delight in butting a pail of milk over the tiller of the soil until he only needs to be stamped to pass for a package of oleomargarine. He crawls through a barbed-wire fence and digs the hay out of the snow, feeds the cows, cleans out the stable, gathers up the frozen chicks, chases a stray pig worth 25 cents for four miles, and does not catch it. doctors a sick horse, freezes his fingers, gets kicked by a one-eyed mule, and when the gloaming comes and quietness broods over all the earth, he has a single half hour to meditate and wonder how he will pay his taxes.—Ex.

## Pointed Paragraphs.

Some people think it a mystery that notwithstanding good advice their boys grow up to be wild and reckless young men. If these boys were taught from infancy that home was the proper place for them after dark, rather than prowling around the streets, annoying well and sick people alike, much of this mystery might be explained, and young men with better moral character and more intelligent minds would be the result. No parent need expect pure morals in a boy that prowls the streets at night, even if he does go to Sunday school.

I have been selling the Old Bowker Brands for the past six years and my trade has increased from year to year, and this is evidence to me that the Bowker Fertilizer is the best made for this section. I have sold these goods to leading farmers all over the County, who have thoroughly tried and tested them, and will tell you Bowker Fertilizers are the best money can buy. You may buy goods for less money, but remember that Bowker's K. Y., Special and Tobacco Grower have an extra high percentage of Potash.

## Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that receives attention and is ill in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This will not interfere with the appetite, as with it comes a clear head, a light sleep. But it is equally important to know how to give the child in the emergency of a severe attack of the disease. Cathartics are too strong and milti too strong, but the child refuses them because they will not eat. Children, like adults, have a taste for sweets.

Mr. Kent Bryant is suffering with a carbuncle on his neck.

There is a class of persons every community could do well without. There are the slanderers and tale bearers, those who will make and circulate a falsehood to injure the character of some one. Remember the final destiny of the liar, the back biter. They shall have their part in the lake of fire.

The Savior said no one could abide in his tabernacle who back biteth with his tongue, or taketh up a reproach or doeth harm unto his neighbor.

## THE ADAIR COUNTY NEWS.

Published Every Wednesday

BY THE

Adair County News Company.

(INCORPORATED.)

CHAS. S. HARRIS EDITOR.

Democratic newspaper devoted to the interest of the City of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post-office as second class mail matter.

WED. MAR. 30, 1910.

The strike in Philadelphia is over and the men have returned to work.

Secretary of State, Dr. Bruner, handed Governor Wilson a hot letter, the occasion being the vetoing of the Bank Examiners bill. He charged jealously behind the Governor's action.

Mr. Caleb Powers is now circulating petitions over to the Eleventh district which will be presented to the Republican Committee, asking that a primary be called to nominate a candidate for Congress.

William H. Marker, former cashier of the First National Bank of Tipton, Ind., was found guilty of embezzeling \$100,000 of the funds of the bank by a jury in the United States District Court in Indianapolis. Noah R. Marker, who was indicted jointly with his brother, will plead guilty.

Voters of a Massachusetts Republican Congressional district, rebuked the party in power last Tuesday. Eugene Fost, a Democrat, was elected to Congress in a special election over William R. Buchanan, Republican, by a plurality of 5,640. Fost is the first Democrat ever elected in the Fourteenth district of Massachusetts.

There is going to be something done when Theodore Roosevelt gets home. He is a close friend of Gifford Pinchot, the deposed Chief Forester, and the latter is now in Europe having sailed last week in answer to a telegram sent by the former President of the United States. Politicians in Washington are all attention and are expecting to hear something "drap" that will not be released by Mr. Taft.

The Ballinger-Pinchot investigating committee after an executive session unanimously decided to deny the request of Mr. Blandis, representing Louis R. Glavis and others, that Secretary of the Interior Ballinger be called as a witness for the "prosecution" at this time. The decision brought out a protest from the attorney, which was stingingly denunciatory of the accused cabinet officer.

The news from Washington is that an amicable agreement on the Canadian tariff situation probably will be reached in the next few days. Following a conference between the Canadian representatives and President Taft at the White House Saturday, a statement was given out that the negotiations had taken a form which gave assurance that a friendly understanding would be reached immediately.

Prof. J. G. Crabb has tendered his resignation as School Superintendent for Kentucky an

has accepted the presidency of the Eastern Kentucky Normal School. He made a splendid Superintendent, and his resignation will necessitate the election of his successor in November. We hope the Democrats will nominate a man with a clear record, one whose character for honesty and sobriety is known throughout the State.

Miss Katherine Hatcher is teaching school on Meadow Creek.

Mr. Robert Banister, of Lebanon, was in this community last week, prospecting.

Mr. J. L. Jones sold one mare to J. W. Guinn, for \$190.

A new telephone line has been installed from this place to Roachville with nineteen boxes. It is in operation twenty-four hours each day. The prospects are flattering for three mail lines to this place. The people in general want an exchange.

Mr. Rube Cook, deputy assessor of this county, died last Thursday night. Mr. Cook was a

young man who had been very successful in accumulating this world's goods.

Dr. O. M. Kelsey, representative in Legislature from this district, returned home last week. He had several good measures introduced, but it is supposed that they met the same fate as other good bills. He made a creditable record, and is not ashamed to face his constituency.

## NOTICE

JORDAN PEACOCK

The best breeder in Kentucky, will make the present season at his home in Gradyville, Ky., at \$16.00 to insure a living colt, sound and right.

JORDAN has sired more colts than any horse in southern Kentucky, and his colts are the ones that bring more money than any others; they are the colts that the farmer gets his own price for; they are the colts that the lovers of fine horses from other States come to this country to buy; they are the ones that have put other stallions out of business in this country. JORDAN is the horse that has stood the test and has proven to be the best. He is the only horse in this country that ever sired a colt which sold for \$700.00 at 2 years old. There have been a number of JORDAN's colts that sold for from \$300 to \$700, and a number of them 3 year old and over sold for from \$500 to \$1,000. Has any other horse's colts in this country sold for half of these prices? If they have, some one will please say something about it through the columns of the News, I want to know where they are? Don't let the other feller make you believe their horse is as good as JORDAN, for you know it is not. Bring your mare to JORDAN and get a colt and a good one.

HIGHWAY:—My fine Jack HIGHWAY is 4 years old and is the best Jack I have ever seen in Adair county. He will serve a limited number of mares at \$10.00 to insure a mare with foal. Plug mares will not be bred to this Jack. All care taken to prevent accidents, but not responsible should any occur.

Money due when mares are traded or removed from the neighborhood. Feed at cost or pasture at 50c per week.

W. L. Grady.

### Obituary.

The death angels visited the home of Mr. and Mrs. John Brockman, and claimed their darling little daughter, Pearl Kean. She was born September the 7, 1909, and died October the 24 1909. She was the idle of her father and mother and a bright little girl. She leaves a father, mother and a little sister to mourn her loss, but while it is our loss it is her eternal gain. God says, Suffer little children to come unto me and forbid them not for of such is the Kingdom of Heaven.

A precious one from us has gone. A voice we loved so well. A place is vacant in our home, Which never can be filled.

Farewell little Pearl we must lay thee In the silent grave embrace, To rest there with the Savior Till the resurrection morn.

This was only a sad separation but again we hope to meet you over on the other shore. Dear Pearl thy memory rest with us and yet we miss thy loving voice. Good bye little Pearl, we will meet you some sweet day there to live with Jesus forever, where there will be no more farewell. Her little body was laid to rest in the Jamestown cemetery. We give our heart felt sympathy to the bereaved father, mother and little sister. Her loving aunt, Emmer Jane Brockman,

Jamestown, Ky.

### How Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bladder, and give the liver a vigorous tone and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is guaranteed by Paul D. Co.

### Pavement Philosophy.

There is always a man higher up.

It's a long face that has no smile.

The play's the thing if it's a game.

Then, too, there is the pessimist.

Clothes do a lot for some people, and ruin some others.

Love makes the world go round with its arm in a sling.

Yeas, even a boiler may hamper at the door of fame.

It's a poor rule that won't work any way you want it to.

There wouldn't be so much misery if there were more alibi.

When some women don't figure well it is on account of the figures.

Some auto traps are not noticeable, while some others are prettily noisy.

Choose the lesser of two evils, but always dodge both of 'em if you can.

The wit of the average after-dinner speaker is usually crowded out with other good things.

Many a happy youngster will be able to tell you who has the north pole on Christman morning.

No wonder the enemies of Dr. Cook are on nettles while he is in hiding; they fear he might bob up with another pole.

The road to success may be paved with good intentions, but most travelers find the intentions are more or less bumpy as they go along.

### Farm Notes.

Keep chick free from mites. Be sure that the hens are provided with a dust bath.

A lazy hen will soon be a sick hen. Make her stir around.

Warm milk is better for fowls than that which is very cold.

The croon of the thrasher is part of the world's popular music.

Get as much painting as possible done before winter sets in.

Too heavy feeding is apt to cause breaking down among the poultry.

Truck teams used in the large cities are mated as carefully as coach teams.

There is good in all breeds; but it is true that while all are good some are better.

When pigs are growing grazing is important, and is conducive to health and profit.

Time in live stock breeding is one of the most costly factors that enters into the business.

New corn is not a safe feed for fowls of any kind. Let it get fairly seasoned before you begin on it.

There is no short cut to success in poultry raising any more than there is to success in anything else.

The water used in the barn and for cleansing the milk utensils must be absolutely free from contamination.

A decrease of from 10 to 50 per cent. in milk yield follows exposure at this season, or any other, for that matter.

The dairy industry is one of the large industries, and in valuation when dairy cattle are included, ranks first.

Potatoes are good for swine, but they are best when cooked and mixed with some meal into a mash and fed warm.

Be careful of the brood mare as foaling time draws near. Light farm work will not hurt her if you use good judgment.

No person having any communicable disease, or one caring for person who have, shall be allowed to handle the milk or milk utensils.

The use of any preservative or coloring matter in butter or milk is an adulteration and its use is sufficient cause for the exclusion of the product from the market.

If you wish to kill an evergreen tree, girdling will do it. If you wish to avoid the labor of girdling there is an easier method; let the poultry roost in the branches.

There is no better time than before you'll need it to build a feed floor for that bunch of shoats. It certainly will not pay to shovel corn into a muddy feed yard, this winter.

More hogs are being raised in Colorado that for some time and it is predicted that it will not be long before the state will supply a large portion of its own consumption of pork.

Old, over fed, under fed or neglected breeding stock can never profit the owner. The eggs are few and weak or infertile. If the egg don't hatch, it isn't the fault of the egg but of the duck that laid it, or perhaps the man that failed to care for the duck that laid it.

Died, on the 24th Mrs. Mary Flowers with a complication of diseases. Aunt Mary was in her 88th year and a member of the Methodist church, a Christian in the truest sense. While she had almost been helpless for a number of years, she bore her afflictions with great fortitude, and doubtless when the summons came she was ready. Her funeral was preached by Rev. W. H. Sandidge, of Greensburg, at the Methodist church at this place, and the remains interred at the Union cemetery. She leaves several children and grandchildren with a large number of relatives and friends to mourn their loss.

## One Hundred Years Old.

On Friday, the eleventh inst., friends and relatives to the number of sixty, met at Uncle Flem Carter's to help him do birthday and celebrate his 100 anniversary.

Uncle Flem has a sister in Adair county, Nancy Acre, who has passed her 95th post in the race of time who was present to add her part to the exercises. Uncle Flem is good for some more years yet and his friends will eagerly watch for the 11th of March, 1910. The culinary department was in mense, not half

of that brought in was consumed. Let's keep our baskets in order for 1911. Loot out Uncle Flem for we are coming.

Very Respectfully,  
W. T. Belk.
